Counseling Orientation: I view the counseling process as forming an alliance with you to explore the nature of your problem(s) teamwork. I will work as hard as you do. Although we'll spend much time exploring the specific problems/symptoms that brought you into counseling today, we'll also look at the nature of your relationships across your lifespan. According to my theoretical orientation, many of the forces and dynamics that influence the complexity and intensity of our problems are rooted in relational issues, often within the complex emotional unit that was our family of origin. By nature, family members are intensely connected emotionally, for better or for worse. *How the family emotional system operated, how we developed within it, and how we reacted to it affects our relational interactions throughout our lives...and is the principal driving force in the development of clinical problems.* Humans are social creatures, designed to relate in a satisfying and self-giving manner, which is the source of our greatest joy when relationships work well but also of our deepest pain when they don't. When this occurs, we usually develop a self-protective relational style that we take into all of our relationships, so we'll explore how your relational style may be interfering with the enjoyment you could be having. This

is meant to give you hope, in that by not only dealing with the symptoms that brought you in today, we'll aim at their sources. I believe that certain problems can have a physical component as well, and in such cases, I will advise medical consultation.

Billing and Insurance Information: The billable rate for the Initial 50-minute Intake Session is \$150. Subsequent 50-minute sessions are \$130. For self-paying clients, Initial Intake Sessions are \$150, and subsequent sessions will be charged on a discount fee schedule of \$95-130, depending on your gross income and the number of dependents for whom you are responsible. Payments are to be made with credit/debit card, cash, check or money order at the beginning of each session; You will be charged for a missed appointment if you have failed to notify me within 24 hours of our scheduled time (illness and emergencies excepted). Fees may increase periodically, and thus the fees are subject to change with two weeks prior notification. The fee for group therapy sessions will vary depending on the length and nature of the group.

I do not file insurance claims for you. If your insurance provider will be covering the cost of your counseling then you need to make arrangements with them to reimburse you directly. You are responsible for obtaining and filling out any appropriate paperwork and submitting it to the insurance company. I will be glad to fill out any part of the form that is necessary.
